LUBBOCK COUNTY 4-H IS ON FACEBOOK

Be sure to "like" the Lubbock County 4-H Facebook page. Visiting the page will help remind you about upcoming 4-H activities and events. Our page will also inform you about meeting changes, cancellations or notices. For example, if you are signed up for recordbook training (or thinking about attending) and we have "bad or iffy" weather - check the facebook page to see if we are still going to have the meeting. This will hopefully save extra phone calls, missing the meeting or coming to the office and finding out the meeting was cancelled. We hope this will become a more efficient way to communicate with each of you!

4-H Project Forms

Just a reminder that 4-H'ers need to complete at least one project form, found in your 4-H Handbook in order to receive a project and year pin at the County 4-H Achievement Banquet in August. These forms may be picked up from the Extension Office. *Once forms and projects are completed, they need to be turned in to club managers or to the County Extension Office.

Let us know if you have questions about completing these forms. The forms are also at the website under 4-H.

If you need any type of accommodation to participate in this program or have questions about the physical access provided, please contact Ronda Alexander at 806-775-1740 at least 2 weeks prior to the program or event.

TEXAS 4-H PHOTOGRAPHY CONTEST 2021-2022 CATEGORIES

It is extremely important that 4-H members, project leaders, parents, and County Extension Agents review the descriptions of each category very carefully. Do not enter photographs into categories that are duplicates from other categories or ones that do not clearly meet the category description. Photographs that do not meet the description of the category will be disqualified.

ANIMALS - DOMESTIC

Photos focusing on the various animals that have been tamed and made fit for a human environment. To be considered domesticated, the animal must have their behavior, life cycle, or physiology systemically altered as a result of being under human control for many generations.

Examples: Chickens, cows, dogs, cats, hamsters, horses, pigs, sheep, goats, etc. All waterfowl (ducks and geese) should be entered in Animals - Wildlife.

LEADING LINE

This image composition technique features lines that draw the viewer's eye from point A to point B, which is the primary subject.

Example: A river that begins in the foreground and draws your attention to a photogenic bridge in the background.

LONG EXPOSURE

Also known as time-exposure or slow-shutter, this technique involves using a long-duration shutter speed. It can be used to sharply capture stationary elements of an image while blurring, smearing, or obscuring the moving elements. It is also used in low-light conditions.

Examples: fireworks, moving water, light trails, Milky Way, light painting, night or low-light conditions, etc.

MOTION/ACTION

The capture of movement within a single photo. The subject appears stopped or "frozen".
