LUBBOCK MASTER GARDENER ASSOCIATION PRESENTS 2ND ANNUAL HUB CITY GARDEN TOUR

This year's tour featured five unique residential gardens and one school garden. Attendees had the opportunity to tour 6 working gardens where people can get ideas to incorporate in their own gardens here in Lubbock. Lubbock Master Gardeners were on site to share these beautiful spaces, offer gardening education, guidance, and answer questions.

Approximately 400 participants finished the tour this year!

The Drop of Life

Water Weekly

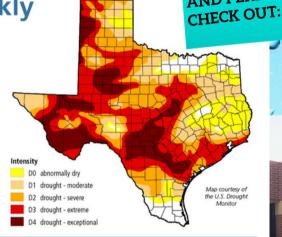

For the week of 06/27/22

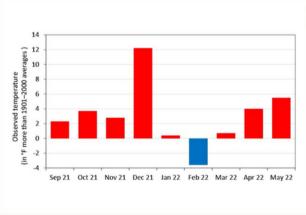

Water conditions

The latest drought map for conditions as of June 21 shows expansion and intensification of drought for the third consecutive week. This week's map also extends the number of consecutive weeks with 75 percent or more of the state in drought to 25, the longest such streak since September 2013.

Drought conditions

- ♦ 81% now
- ♦ 80% a week ago
- ♦ 88% three months ago
- ♦ 13% a year ago

Texas temperature

Statewide monthly average temperatures have been greater than twentieth century averages for eight of the last nine months. In data going back to 1895, December 2021 was the hottest December and April-May 2022 was the hottest April-May June 2022 is also on pace to be significantly warmer than average.

TEXAS A&M GRILIFE **EXTENSION**

Cherry tomatoes are small, bite-sized tomatoes.

Most are red, but some are yellow, green or black.

Some are small as thumb tips while others are the size of golf balls. They grow best in warm weather and love to sun bathe. Cherry tomatoes grow on vines but farmers usually use trellises or fences to support their weight. Believe it or not, the tomato is technically a fruit. Most people think of them as a vegetable since they're commonly used in savory (not sweet) dishes.

DID YOU KNOW?

Tomatoes continue to gain weight after they are picked because they ripen from the inside out and produce more juice. If you place a tomato in the fridge the ripening process will stop.

FUN FACT

Tomatoes are thought to come from Peru, where their Aztec name translated to "plump thing with a navel."

1. East Texas

2. Rio Grande Valley
