

New and Beginning Landowner Workshop

Saturday, February 17, 2024

10 a.m. – 4 p.m.

Texas A&M AgriLife Research and Extension Center

1102 E Farm to Market Rd 1294

Lubbock, TX 79403

Agenda

- 10 a.m. Myth Busting: Becoming Climate Smart with Fire and Grazing**
- This training module is based on targeting common misconceptions about common conservation practices like fire and multi-species grazing. Participants will learn about using these practices to meet soil health and regenerative goals and objectives in Texas' fire-dependent ecosystems.
 - The main objective is to provide a foundational science-based course for new and beginning landowners to understand the role of fire and grazing on their land. Specifically, the topics will focus on demystifying the basic principles, benefits, and practices surrounding ecosystem processes of fire and grazing and how they may be implemented on private lands.
- Noon Lunch Provided**
- 12:30 p.m. Concurrent Focus Group Discussions**
- 1 p.m. Community Building Event - Connect with local conservation and management resources!**
- Farm Service Agency
 - County Extension Agent
 - Texas A&M Forest Service
 - Grazing Land Coalition
 - Prescribed Burn Association
 - Texas Parks and Wildlife
 - Soil Water Conservation Service
 - Texas Farm Bureau
- 4 p.m. Social and Networking (including light appetizers)**
